

Dosing / metering unit Color-Exact 1100 SM-D

**Unbeaten
shot to shot
accuracy**

With dosingscrew quick mounting

Dosingscrew / Dosingsleeve	6 / 13	* 9 / 16	12 / 19	15 / 22	18 / 25
Dosingcapacity by continuously operation.	0-1500 g/h	0-6000 g/h	0-13200 g/h	0-23400 g/h	0-33000 g/h

* Standard screw / sleeve

Neckpiece PF 1200 NP4 (option)

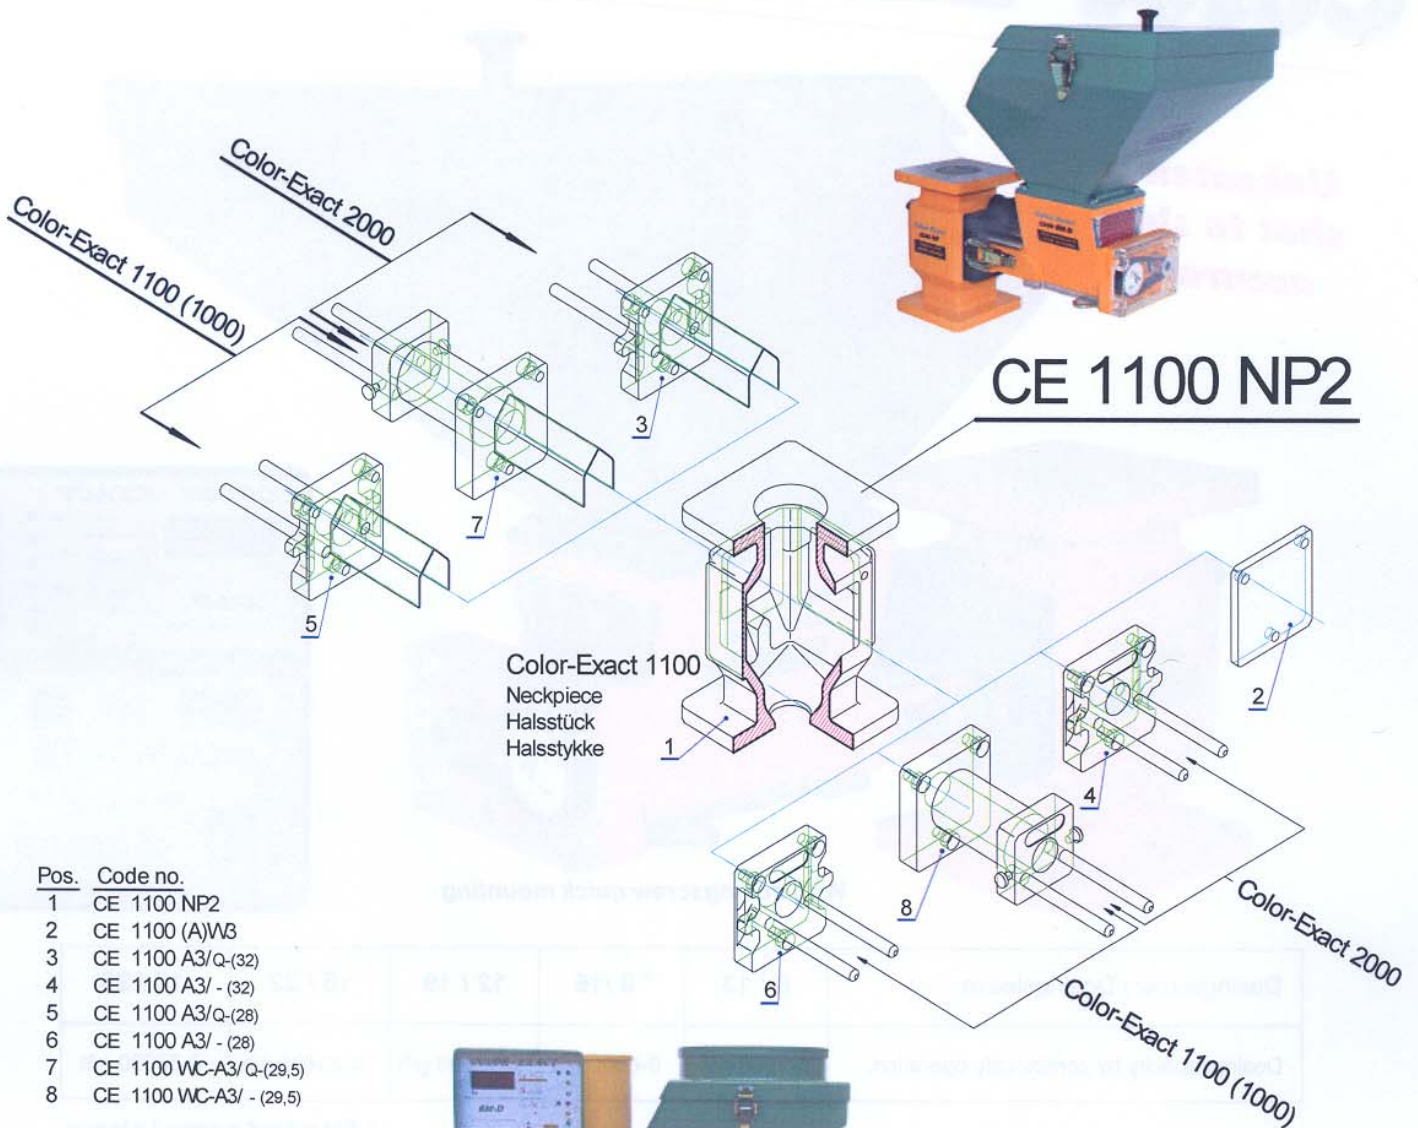

Inside Helix dosing system
(option)

The **Color-Exact 1100 NP2** neckpiece is as standard equipped with roofshaped „**quick-change**“. It is now possible to take off the dosing unit off the neckpiece, without granules are pouring out – **a great advantage by color change**.

The **CE 1100 NP2 neckpiece** has large openings on the sides of the neckpiece, compared with the old model and the passage through the neckpiece is larger, so the static mixer effect is improved. The top- and bottomflange measurements are unchanged.

Color-Exact 1100 SM-D

Survey of quickconnection-adapterplates with and without „Quick-Change”, with order codes.
